A. Overview of Information Collection

Title of Information Collection: Data Collection for the HUD Secretary's Awards Including the Secretary's Award for Public-Philanthropic Partnerships, The Secretary's Awards for Healthy Homes, The Secretary's Award for Excellence in Historic Preservation, The Secretary's Award for Planning, The Secretary's Housing Design Awards, and The HUD Innovation in Affordable Housing Student Design and Planning Competition.

OMB Approval Number: 2528-0324.

Type of Request: Revision of a currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: HUD seeks to collect information that will be used to implement the following HUD Secretary's Awards: (1) the Secretary's Award for Public-Philanthropic Partnerships, (2) the Secretary's Awards for Healthy Homes, (3) the Secretary's Award for Excellence in Historic Preservation, (4) the Secretary's Planning Award, (5) the Secretary's Housing Design Awards, and (6) the HUD Innovation in Affordable Housing Student Design and Planning Competition.

On an annual basis, HUD accepts nominations for the above listed awards. A template application form for nominations streamlines information collection across these six award programs. Each award

recognizes awardees for their innovation and commitment to raising industry standards and increasing the quality of life for low- and moderate-income households. Below is a brief description of each of the six award programs.

The HUD Secretary's Award for Public-Philanthropic Partnerships

The Public-Philanthropic Partnerships Award recognizes excellence in partnerships that have transformed the relationships between the public and philanthropic sectors and led to measurable benefits in housing and community development for low- and moderate-income families. By strengthening the connection between HUD and philanthropy, these awards highlight the power of collective impact that can be achieved through public-philanthropic partnerships between government entities and foundations.

The HUD Secretary's Awards for Healthy Homes

The Healthy Homes Awards promote the innovation and partnerships needed to create healthy homes and communities for low-income residents by working across the health, environment, and housing sectors.

HUD Secretary's Award for Excellence in Historic Preservation

The Secretary's Award for Excellence in Historic Preservation recognizes developers, organizations, and agencies for their success in advancing the goals of historic preservation while providing affordable housing and/or expanded economic opportunities for low-and moderate-income families and individuals.

HUD Secretary's Planning Award

The Secretary's Planning Award honors excellence in community planning that has led to measurable benefits in economic development, employment, education, or housing choice and mobility for low- and moderate-income residents. The award stresses that communities demonstrate how integrative

planning led to tangible results, such as expanding the supply of available affordable housing, employment opportunities connected by effective transportation systems, or a host of community-empowering strategies. The award recognizes the planning discipline as an important partner in how creative housing, economic development, and private investments are used in—or in tandem with—a comprehensive community development plan.

HUD Secretary’s Housing Design Awards

The Secretary’s Housing Design Awards recognize excellence in affordable housing design, community-based design, participatory design, and accessibility. These awards demonstrate that design matters and provide examples of important benchmarks in the housing industry.

HUD Innovation in Affordable Housing Student Design and Planning Competition

The Innovation in Affordable Housing Student Design and Planning Competition advances design and production of livable and sustainable housing for low- and moderate-income people. This competition invites teams of graduate students from multiple disciplines to submit plans in response to a real-world affordable housing design issue. The competition encourages research and innovation in affordable housing, increases practitioner capacity to produce more livable and sustainable housing for low- and moderate-income communities through best practices in building design and construction, and fosters cross-cutting teamwork within the design and community development process.
